LB 999, 1089

support this bill. It fits all the categories or all the qualifications of the perfect bill. It does nothing, it helps nobody, it hurts nobody, it costs nothing, so I certainly support it.

PRESIDENT: Senator Schmit.

SENATOR SCHMIT: You know, Senator Lamb, I didn't think you would get to be like Senator DeCamp and take my line without giving due credit.

PRESIDENT: Is there further discussion on LB 999? If not, the motion is to advance the bill from General File. All those in favor vote aye, opposed vote no. Have you all voted? The Clerk will record the vote.

CLERK: 27 ayes, 0 nays, Mr. President, on the motion to advance LB 999.

PRESIDENT: LB 999 is advanced. Chair has the privilege of announcing that Senator Schmit has guests in the north balcony this morning, 40 students of the eighth grade from David City St. Mary's School. Senator Scofield has guests from Hay Springs, seven students and two teachers. They are here, I imagine they are all here to cheer their team on in the basketball tournament. They are under the north balcony. We welcome you all to the Legislature. We're passing over 1029. I might explain to the students that this morning, Friday morning, we are involved in this exercise called consent calendar. These bills are presumed to be largely noncontroversial and taking up very little time. They are moving a little bit faster than an ordinary bill that is debated. Next we'll take up LB 1089.

CLERK: Mr. President, 1089 offered by Senator Landis. (Read title.) The bill was read on January 18, referred to the Education Committee, advanced to General File. I have no amendments to the bill.

PRESIDENT: The Chair recognizes Senator Landis.

SENATOR LANDIS: Mr. speaker, this bill does several things.
